Portfolio Website | My GitHub | My Linkdin

Summary

Results-oriented Junior Full Stack Developer with hands-on experience building responsive and scalable web applications using React.js, Next.js, Node.js, Express.js, MongoDB, Better Auth, and Firebase. Experienced in developing frontend interfaces, backend APIs, authentication systems, and CRUD functionality. Passionate about building clean, maintainable, and user-friendly applications while continuously expanding technical expertise.

PROJECTS

Recipe Management Application ***(Next.js, Express.js, MongoDB, Better Auth, Tailwind CSS, DaisyUI)***

- Built a full-stack recipe-sharing platform with authentication, an admin dashboard, debounced search, and status-based filtering.
- Developed a dynamic admin "Manage Recipes" page backed by a dedicated API endpoint, with a DaisyUI modal for inline status changes.
- **Live Demo:** View Live
- **GitHub:** View Code

Appointment Management Application ***(Next.js, Express.js, MongoDB, Better Auth, Tailwind CSS, DaisyUI)***

- Built a doctor appointment booking platform enabling patients to browse verified specialists and reserve time slots.
- Implemented doctor profile listings with specialty, location, consultation fee, and "View Details" booking.
- **Live Demo:** View Live
- **GitHub:** View Code

TECHNICAL SKILLS

Frontend : HTML5, CSS3, Tailwind CSS, JavaScript, React.js, Next.js
Backend : Next.js, Node.js, Express.js
Database : Mongodb
Authentication : Better Auth, Firebase

SOFT SKILLS

Problem Solving, Team Collaboration, Communication, Time Management, Quick Learning

Certification

Complete Web Development Course Programming Hero 2026
View Certificate

National Skills Certificate (NSDA) Web Design & Development for Freelancing (Level 3) 2025
View Certificate

EDUCATION

Higher Secondary Certificate (HSC) Kurigram Government College | Science 2025
Bachelor's Degree — 1st Year (Currently Studying) 2026
